Titwood News

May and June 2025 Edition

135 Years

May and June were busy months....

With our season well under way and long dry spell, this offered an opportunity to have a major tidy up at the club which included various aspects of the Clubhouse being mended - grounds and gardens tidied along with the refurbishment of our front gate - it's a Birthday present to the club. Happy 135 Years old!

Many thanks to all of our keen volunteers and to Matthew Boyd for arranging the gate reurbishment

Titwood v Glasgow CC

Sunday 1 June - Titwood and Glasgow players. before match - a tradition of now 132 years

The weather held for the annual match between both sides. Moved to a Sunday to help make more of an occasion of the event as part of our 135 years and Glasgow's 850 years celebration. It was a terrific match, however Titwood lost 67 to Glasgow City Council's 88.

Glasgow 2025 take the trophy!

Glasgow present Allan Mackie (President) with a memorial quaich.

David Smith (Social Convener) cuts 135 Birthday cake!

Safety first!

We mentioned better placement and access of our Defibrillator at the Club. This apparatus can be crucial in the event of cardiac arrest or trauma.

We were delighted to welcome and receive training on our device from Scottish Ambulance Service. A significant number of members joined the session and are now competent in using the defibrillator.

Consideration towards siting the unit outside the Clubhouse in a purpose made cabinet continues - however the Board wants to assess how any layout for configuration for full access by the public might fit in with similar plans with the Tennis Club and potentially Padel Tennis.

For now the defibrillator hangs on a hook at the foyer/entrance of the Clubhouse.

East Renfrewshire Ladies BA finals

Titwood's Mary Wilson hosted a fantastic day of finals - East Renfrewshire Ladies BA.

The weather for this event was perfect and visitors enjoyed our usual Club hospitality and Wilma's legendary home baking.

Work begins on upgrading the bar this week - we are trying to do this between functions and club event. Please bear with us whilst we carry out this work.

Fingers crossed that the weather holds up and we can enjoy the beer garden too?
